FRONTEND DEVELOPER

PERSONAL PROFILE

I'm a Frontend Developer specialized in the Javascript language and making interfaces with ReactJs
I like to work as a team for a good, efficient, and quality development.
And I do not stop to learn new things.

WORK EXPERIENCE

Freelancer

July 2020 - Present

- Make Frontend for applications with ReactJs.
- Implement and learn technologies for a better product.
- Learning every day and applying what I have learned.

EDUCATION

Cetis120 Josefa Ortiz de Dominguez

Soporte y Mantenimiento | Aug 2018 - Jul 2021

I'm still in my third year studying Support and Maintenance.

And I've learned has:

- Fix hardware and software.
- Know the necessary tools for an infrastructure.
- Make structured cabling and network connections and topologies.
- Know network protocols and communication protocols such as HTTPS.
